

Dealing with Veterans Administration and Workers' Compensation claims can often feel like **climbing a mountain, encountering insurmountable obstacles at every point.**

Complex claims can add up to a significant amount of revenue—but many healthcare organizations do not have the time or resources to focus on the details needed for resolving them. Finding a trusted and proven partner for outsourcing complex claims, that has the necessary knowledge, experience and technology can help.

Veterans Administration

222,245 Claims Processed	\$1.7B Total Charges Processed
\$261M EnableComp Collections	94% Collection % in First 90 Days
32.3 Average Days to Pay	52% Average Yield Improvement

\$57+ Million

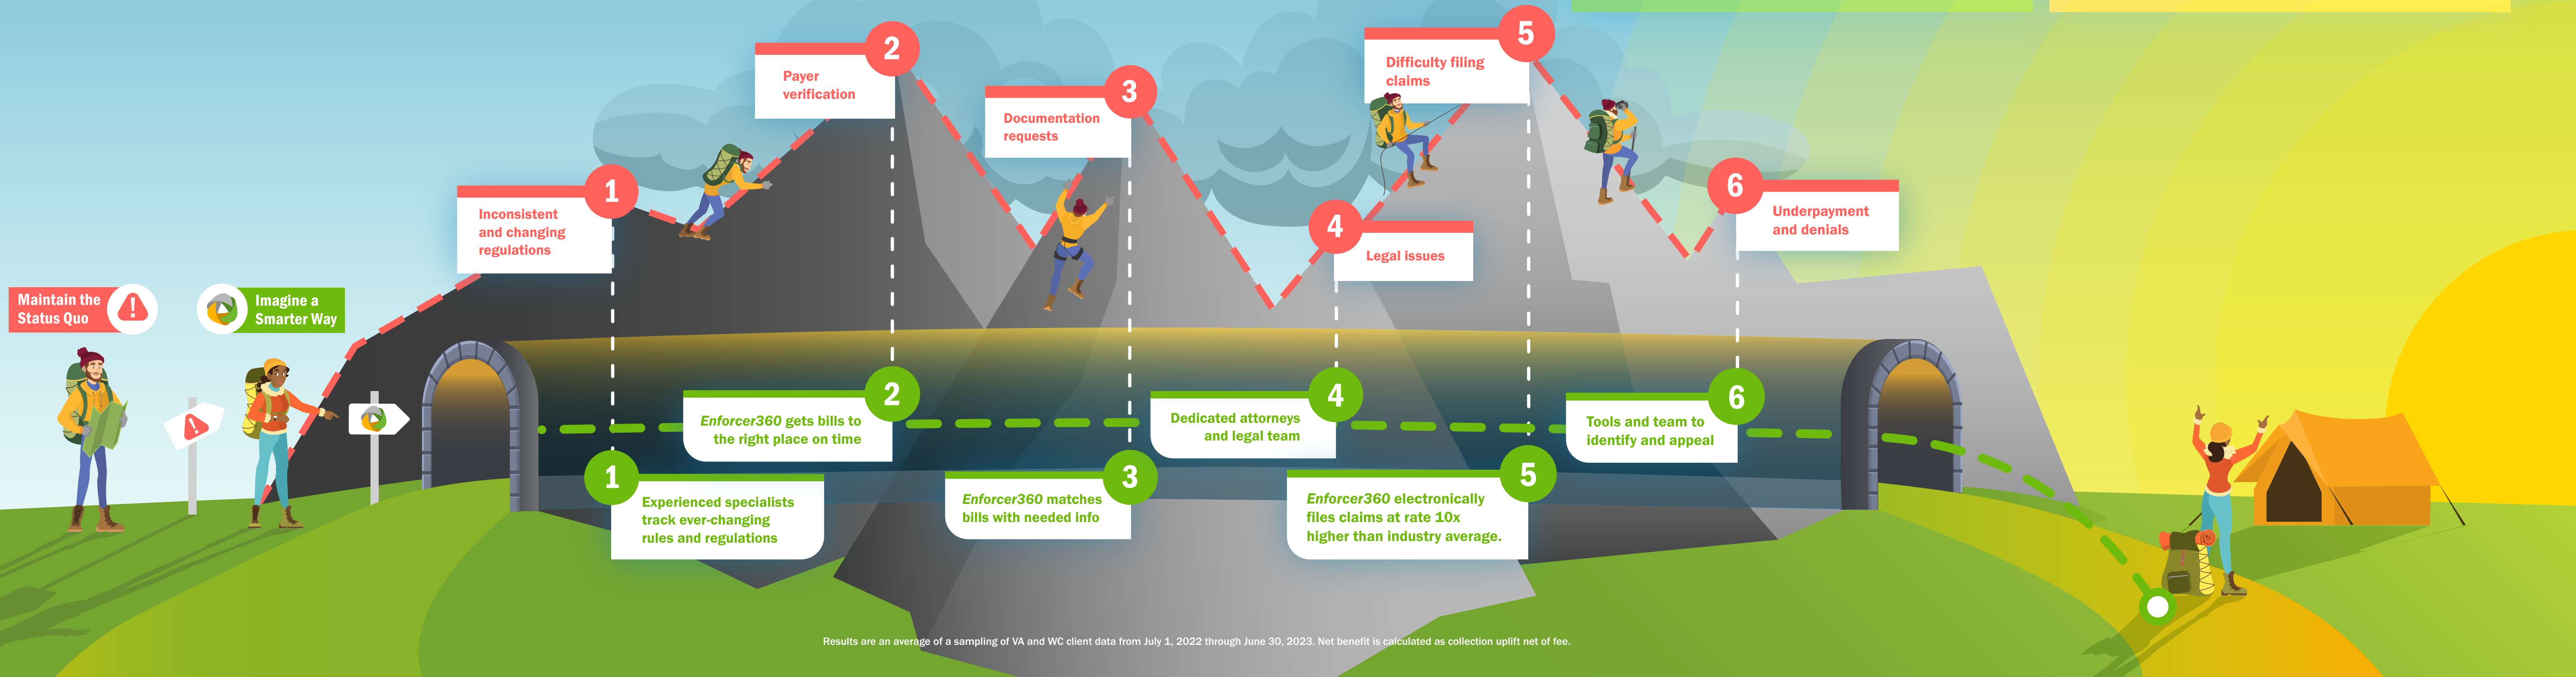

Average of \$7.1 Million per client • Net benefit to clients for one year

Workers' Compensation

41,723 Claims Processed	\$760M Total Charges Processed
\$260M EnableComp Collections	72% Collection % in First 90 Days
